Dear colleagues, Dear sportspeople,

We are proud to invite you to the 2nd International Mamanet Conference.

Following last year’s successful conference I am happy to share with you that Italy, Austria, Cyprus and the US have opened Mamanet leagues and additional countries are under way. **Mothers make the change- mothers are the change.**

Our vision is that wherever there are mothers - there will be a Mamanet league, which will enhance sportive life for many families as well as contribute to building healthy and strong communities. Instead of being the “soccer mom” who drives her children to practice and cheers them on by the sidelines, the mother becomes the “star” of the game, and the children become her fans! This allows the mother to serve as a role-model for good sportsmanship, dedication to a team, and commitment to physical exercise. Mothers teach their children to experience sports, and good sportsmanship as a way of life.

This year’s conference will be divided in two seminars:

1. **Introduction Seminar** – The professional training designed especially for you, top sports managers in varied sports organizations worldwide, aims to lead you to deeper understanding of the league unique model in your country, and of what is required in order to build an outstanding league, part of the Mamanet international organization.

   The subjects and issues to be discussed offer a wide scope of theory and hands-on practice. Gaming plan, working plan, rules and organizational management, coaches and referees training, business angles, community and win-win relationships – welcome to the fascinating world of Mamanet.
2. **Professional Seminar** – This training is offered to sports clubs / organizations who have already incorporated Mamanet. The aim is to focus on Coaches, Referees. Present the Mamanet Academy. Improve game skills and go over the rules and regulations on the game.

This seminar will open based on the numbers of participants, please register early.

The Seminars will have theoretical and actual practice.

At the end the seminars participants will receive a professional guidelines of Mamanet.

The final professional agenda will be sent in July.
Please find attached a registration form and a list of Mamanet Contacts.

I look forward to welcoming you in Eilat.

**Ofra Abramovich**
Chairwoman & Founder
