ZAGREB is host of the CSIT WSG 2021

CSIT member organization "Health Life Academy" from Croatia will host the 7th CSIT World Sports Games 2021 with the city of Zagreb (WSG 2021). This decision was taken during the CSIT ExCom meeting on Friday in Tortosa, the host city of the WSG 2019. Zagreb did apply together with Rome and this was a head to head race. As both cities had excellent presentations, the CSIT ExCom decided to award both cities and give the Games 2023 to Rome, if they accept. CSIT President Bruno Molea is very happy about this double-decision: "Both applicant cities deserve to have our Games and therefore we decided to give it to both countries. I called the president from Health Life Academy and congratulated him.

We arranged to meet as soon as possible to sign the contract for the Games 2021. Croatia is very happy and looking forward to start working immediately. On the other way I am delighted, that we have two winners in this election. I spoke also to the major of Rome and I am sure, that Rome will accept our decision."
Efficient ExCom meeting in Tortosa and "CUCA" the new WSG - Mascot

At the CSIT ExCom meeting in Tortosa last week, there were taken some important decisions. Additionally, the members of ExCom were able to evaluate the current status of the WSG on location and are very satisfied. The current registration status two months before the deadline of May 7 is also satisfactory. The WSG are receiving great support from regional politics and the population. In addition to sporting components, organizer UCEC is organizing many festivals during the WSG on social value. "CUCA" is the mascot's name of the WSG in Tortosa!

The next major CSIT convention will be the Election Congress from October 15 to 20 in the famous Salone D’Onore in the headquarter of the Italian Olympic Committee (CONI) in Rome.

CSIT partner Para-Sport

The CSIT and Para-Sport decided to implement sports activities for disabled people into the CSIT network. Officials and specialists of the para-sport-community and CSIT agreed on how important integration is. Specially in team-sport events, as this is indispensable for the participants to give them the possibility to make friends and to share emotions. Learn respect for teammates but also for the team adversaries, and above all live integration through the regulations of integrated sports, which allows them to interact with other children with disabilities but also with able-bodied children. The WSG in Tortosa will be too early to start that program as there is still a lot of preparation work to do. But the responsible specialists are sure the results will be great to see and a big experience for all! Tortosa will be a perfect platform to start with promotion activities. CSIT is very happy to welcome families with disabled people at the opening and closing ceremony and other venues to live the spirit of CSIT and get a feeling for possibilities for the future.
